Associate Dean/Professor
College of Information Science & Technology
University of Nebraska Omaha

Dear Dr. Khazanchi,

This letter serves as an invitation to visit the Department of Computer Science at the University of South Dakota (USD) as an external facilitator. The Dean of the College of Arts & Sciences has agreed to us bringing in an outside facilitator who can help guide our CS faculty through the process of creating a vision for our department for the next 5-10 years. We strongly believe that the field of computer science and our department have the potential to be an innovative leader in the state of South Dakota.

While researching potential candidates for this project, we were very impressed with your profile and feel that you have the credentials to help us create a vision for the future of our department. The invitation covers all travel expenses and a \$500 consulting fee. The date of the visit can be scheduled at your availability.

I thank you for the serious consideration of this invitation and look forward to meeting you. If further information is necessary, please contact me via e-mail at Jose.Flores@usd.edu or call me at (605)-677-5388.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jose Flores'.
